The petition to make the application special is **GRANTED**.

In support of the petition, petition provides: a) the applicable petition fee; b) a statement that a pre-examination search was made, including the search areas; c) a statement that all claims are directed to a single invention, and an intent to elect without traverse should election be required; and d) a detailed discussion of each of a number of references submitted as being pertinent to patentability, pointing out how the claimed subject matter is distinguishable over those references.

For accelerated examination under MPEP § 708.02(VIII) in accordance with 37 C.F.R. § 1.102(d), a petition with the following showing is required: a) a petition fee; b) all claims are directed to a single invention; c) a statement that a pre-examination search was made, including the search areas; d) a copy of each of the (non-US) references deemed most closely related to the claimed subject matter; and e) a detailed discussion of the references pointing out with the particularity required by 37 CFR 1.111 (b) and (c), how the claimed subject matter is distinguishable over the references.

The requirements of MPEP § 708.02(VIII)(a) – (e) are considered to have been met.

For the above-mentioned reasons, the petition is granted. The application will be advanced out of turn for examination, and will continue to be treated as special throughout the entire prosecution in the Office according to the procedure set forth in MPEP § 708.02(VIII).
